

## **Open Your Heart** **February Project**

### **Reading Library for** **“Gettin’ Home” Ministry**

Did you know that Oklahoma is #1 in the United States in the ratio of incarcerated women per capita? Gettin’ Home, LLC was established to reduce the recidivism rate for these women in Oklahoma and to help them return to productive lives in their communities after incarceration.

We can help by stocking a “Reading Library” for their Reentry Campus. They can use new or “gently read” books.

#### **Suggestions:**

- **Craft, Sewing, or other instructional books for learning**
- **Health books**
- **Financial books on learning to be self-sufficient**
- **Children's books - to read to their children when they have a visitation**
- **Devotional books**
- **Books for entertainment: novels, fiction, biographies, etc.**
