The Memory Wall by Anthony Doerr

Each week we will discuss one of the short stories from this beautiful book.

Doerr, author of the award winning book, *All The Light We Cannot See*, takes us on a journey to four different continents to discover what it is about memory that can hold us together, join or separate us from others, and ultimately make us human.

“Every story in Memory Wall is a reminder of the grandeur of life — of the mysterious beauty of seeds, of fossils, of sturgeon, of clouds, of radios, of leaves, of the breathtaking fortune of living in this universe. Doerr’s language, his witness, his imagination, and his humanity are unparalleled in fiction today.”
