

Throughout Jesus' kingdom parables there is this thread: relationships. In Jesus' teachings he suggests that our neighborhood is more expansive than we first thought but how does that affect how we live daily? Who is our neighbor?

From Mr. Rogers, we learn the importance of embracing the diversity of the image of God in our neighborhoods but that's easier said than done. It's no surprise that we need help embracing all of our neighbors for who they are.

In this series, we'll take a look at our neighborhood and we'll take a look in the mirror using the Enneagram as a tool to grow in our understanding of ourselves and all our neighbors.

It is through the process of self-knowledge we are able to begin to see the image of God in all God's children.
